PROJECTS

Digimenu
May 2025 - Sep 2025

I built a digital menu application (DigiMenu) using HTML, CSS, React, Bootstrap, JavaScript, Node.js, Express.js, and PostgreSQL. It allows restaurants to display menus online with an interactive and responsive design, making it easy for users to browse and order.

Gym website
Sep 2024 - Oct 2024

I developed a responsive gym website using HTML, CSS, and JavaScript with a user login system and membership plan options. The site includes form validation, secure authentication, and a user-friendly design to make plan selection easy.

SKILLS

- HTML
- React
- REST API
- Python
- CSS
- Node.js
- PostgreSQL
- JavaScript
- Express.js
- C Programming

ADDITIONAL DETAILS

- Developed responsive Gym website and DigiMenu (digital food menu) website with secure login authentication, enhancing user experience and demonstrating full-stack web development skills.
